*Choosing Bluewave Technology Ltd, a Premium IBM business partner to act as technology partners as advisors in the maintenance and support of their Domino environment. Bluewave Technology Ltd have also acted as close partners in advising on best practice and deployment principles.*

### ■ The Outcomes and Benefits

*The Aisan Development Bank now has a trusted partner who can help ensure that they gain from the experience of certified consultants who bring a vast amount of experience from sites of similar size and configuration.*

The Software Solution Experts

BE Systems as a subsidiary of Bluewave Technology, were requested to undertake a complete Lotus systems audit and documentation process for the Asian Development Bank, based in Manila, Philippines.

The purpose of this report was to outline and summarise analysis, findings and recommendations for optimization of the ADB Domino environment. This report also included recommendations on a future roadmap of the ADB domain to ensure resilience and scalability in the future.

This report provided the core information necessary for ADB to undertake a complete review of their distributed environment and to implement necessary upgrade and consolidation activities.

Again ADB chose us from Business Partners throughout the world because of our worldwide reputation for excellence in the delivery of Domino related services.
